

## ***2008 Flag Memorial Donation***

This year the Lake Sherwood Property Owners Association flag is dedicated to our loving daughter, Tracy Ann Kovac, born November 8, 1971.

Her first experience here at Lake Sherwood was camping at 6 months old. She loved it ever since. Tracy was very athletic. She loved playing girls softball, bowling and fishing. From the time she was a little girl, she could sit on our dock and fish for hours, even if she didn't catch anything. Twice she won the trophy for the largest fish on Lake Sherwood. The week before she died, she sat up the better part of the night and caught 11 huge bullheads.

Tracy was loving, caring and funny to anyone she met. She had many friends, her best being her brother Chad. Being only 11 months apart, they were inseparable. Yes, at times like all children, they're not always angels. But she is now.

Tracy died August 7, 2007 at St Luke's Medical Center in Milwaukee. She was 35 years old, too young and too much of a loss of a precious life.

We think of her daily and will always miss and love her.

Bless you Tracy,

Mom and Dad – John and Joanne Kovac
